"I once had a window like that break from the stress."

# A sloppy truck will get you pulled over!

DOT commercial motor vehicle inspectors across the country agree that a sloppy-looking truck will get you pulled over for an inspection. Fleet managers agree that a clean and orderly vehicle will save you the headache of on-the-road inspections.

Drivers can save themselves a lot of unnecessary hassles by paying attention to the appearance of their vehicles. A clean truck is probably a well-maintained and inspected truck!
