

SAFETYPOINT

Scrapyard Safety Training

ANOTHER REASON TO WEAR SAFETY GLASSES:

This unfortunate scrap yard worker was holding a heavy iron bar over his shoulder and trying to put the bar inside a steel bin. He placed one side of the bar in the bin, but the heavy weight of the bar pushed his head down into one corner of the bin, causing the injury you see here.

Safety glasses would have saved his eye.

ARE YOU WEARING YOURS NOW?

OTRA RAZÓN PARA USAR ANTEOJOS DE SEGURIDAD:

Este desafortunado trabajador del depósito de chatarra sostenía una pesada barra de hierro sobre el hombro y trataba de colocarla en un contenedor de acero.

Colocó un lado de la barra en el contenedor, pero el excesivo peso de la barra lo arrastró de cabeza hacia una esquina del contenedor, provocando la lesión que ve aquí.

Usar anteojos de seguridad le hubiera salvado el ojo.

**¿ESTÁ USANDO
LOS SUYOS
AHORA?**
