

## Famous last words... *I fought the law, and the law won!*

Do you have a love/hate relationship with authority? Professional truck drivers take their jobs seriously and know their routes, the condition of their trucks, and the limits of the law. A poor attitude during a roadside safety inspection can turn very unpleasant... even cost you your ability to make a living!

Commercial Vehicle Safety Inspectors are well trained, experienced, and they have seen it all. Don't try to pull the wool over their eyes. Your attitude and cooperation is important.

Professional Drivers operate trucks they don't neglect and treat authority with respect.
